Peace Communities

*Traditions Café and
World Folk Art*

Gift Certificates for Blogging!

Dear friends, Happy New Year!

Every year the movement to create a better world gets better and better! A little while ago we, members of the Mutualist Project and the Freeschool Community of Olympia, started the Peace Communities Online Community and people from all over the world have joined and networked worldwide. You can find it by visiting www.PeaceCommunities.org and click on 'Online Community.'

We now have another important announcement!

We are starting a reward program called The Peace Points Mutual-aid Rewards. Beginning January 1st, 2009 everyone who registers in the Peace Communities online community, will earn points for every original blog post or every post to a discussion forum that is 500 words or more. These points are redeemable at Progressive Organizations and Progressive, non-corporate Businesses located all over the world. We realize that the economy has caused record breaking numbers of Independent media groups, distributors and progressive organizations to close. The Peace Communities desires to be much more than another place for networking and discussion. The Peace Communities desires to be a place where networking and discussion actually supports those organizations and groups that work for equality, social justice and creating a better world.

***"True peace is not merely the absence of tension:
it is the presence of justice."*** -Martin Luther King Jr.

FAQ: Why is it called the Peace Points Mutual-aid Rewards Programs?

Answer: Unlike Myspace and Facebook, the Peace Communities has no multinational corporate ads that support and promote Multinational corporations.

- Those corporate ads are making corporations richer...

... and corporate media monopolies larger, while simultaneously helping to make independent organizations and independent media smaller. Myspace is owned by Fox News and Facebook runs ads for Microsoft, McDonalds, Bank of America, Coca-Cola and far worse multinational corporations in a manner that makes it look like the Facebook users endorse those ads (see www.networkingisfun.net)

Peace Communities relies solely upon community support and it is through mutual-aid and solidarity for a better world that we support non-corporate communities, independent media distributors and groups

working for equality, social justice and creating a better world.

- We have shared this idea with several progressive groups and so far we are happy to offer gift certificates to such awesome groups as...
 - AK Press
 - Microcosm Publishing
 - The Beauty of Barter
 - PM Press
 - Traditions Cafe and World Folk Art and many more!

For more information please visit www.PeaceCommunities.org, and click on 'Online Community' to learn about 'Peace Points.'
